Education

- **SRKR ENGINEERING COLLEGE** *2021 - 2025*
  Bachelor of Technology in Computer Science - CGPA 8.82 Bhimavaram, Andhra Pradesh
- **TIRUMALA JUNIOR COLLEGE** *2019 - 2021*
  Board of Intermediate Education Andhra Pradesh - Marks :- 886 Bhimavaram, Andhra Pradesh

Experience

- **Henotic IT Solutions** *July 2023 - September 2023*
  Java Developer Intern
  - Designed and implemented Java-based data structures and algorithms to improve software efficiency.
  - Developed a Java Banking System leveraging OOP concepts, enabling features such as customer creation, transaction status viewing, account balance checks, deposits, and credits.
- **BlackBuck** *May 2024 - July 2024*
  Full Stack Development Intern (Python)
  - Contributed to the development of web applications using Python and modern frameworks, focusing on both front-end and back-end development.
  - Developed a Django-based Todo Management Application featuring user authentication, task creation, status updates, and priority management, while ensuring a user-friendly interface with intuitive forms.
- **Cognnizant Pvt. Ltd.** *Dec 2024 - March 2025*
  Program Analyst Intern
  - Gained hands-on experience in full-stack development using Spring Boot, Hibernate, and MySQL.
  - Collaborated with fellow interns to design and build a Patient Appointment Management System, implementing frontend/backend integration and agile teamwork practices.

Projects

- **Secure Voting System with Face Recognition** *January 2024 - March 2024*
  Tools: Flask, OpenCV, XAMPP [ ]
  - Developed a secure voting system utilizing Flask and MySQL (XAMPP), incorporating real-time face recognition for voter verification to enhance security and accuracy in voting processes.
  - Created an administrative interface for managing new administrators, volunteers, and voter records.
- **Faculty Management System** *May 2024 - July 2024*
  Tools: Google Apps Script, APIs [ ]
  - Designed a Faculty Management System for the CSE department, allowing HODs to retrieve and view faculty information from platforms like Google Scholar and ORCID IDs—the data is stored in Google Sheets.
  - Implemented a dynamic Citations Network feature to visualize the citation impact of faculty research effectively.

Skills

- **Programming Languages**: Java, Python, C, C++, SQL, JavaScript, HTML/CSS, R (basic)
- **Web App Development**: MERN Stack (MongoDB, Express.js, React, Node.js)
- **Frameworks**:Spring, Spring Boot, Spring MVC, Tailwind CSS, Flask, Django (basic)
- **Development Tools**: Git, GitHub, Visual Studio Code

Certifications

- Completed a 10-week AI-ML Virtual Internship, supported by AWS Academy, focusing on foundational and practical skills in Artificial Intelligence and Machine Learning.
- Completed CCNA v7: Introduction to Networks, gaining foundational skills in network configuration, IPv4/IPv6 addressing, OSI model, network security, and troubleshooting connectivity issues.
